HASKELL
&
WHITE LLP

CERTIFIED PUBLIC ACCOUNTANTS
AND BUSINESS ADVISORS

The Financial Accounting Standards Board (FASB) recently released a proposed Accounting Standards Update on Topic 605 – Revenue Recognition. This proposal is the result of a joint project between the FASB and the International Accounting Standards Board (IASB) aimed to develop a common revenue standard for US GAAP and IFRS. The professionals at Haskell & White LLP invite you to attend our Roundtable and be among the first to learn how it may impact your company’s business and financial reporting. The Roundtable will provide you with the following:

- An executive summary of the FASB’s new revenue recognition proposal delivered in “plain English”
- An action plan for you to take back to your business and use to implement the new standard
- Real life examples using the proposed revenue recognition rules

Haskell & White’s Roundtable Series is designed for financial executives of Southern California public and private companies as a forum to stay on the cutting edge of new developments in SEC and accounting related rules and regulations.

1 hour of CE credit will be available.
