Haskell & White LLP, one of Irvine's larger accounting firms, is **moving to a larger office** in the Irvine Spectrum.

The company, whose office had been on Laguna Canyon Road just off the San Diego (I-405) Freeway, is moving to a high-rise building at 8001 Irvine Center Drive at the start of next year.

Haskell & White is leasing 19,000 square feet at the building, owned by Irvine Co. Terms of the deal weren't disclosed.

The new space allows Haskell & White and its 70 employees all to be on the same floor with room for growth, according to the company. The company's current space is spread among multiple floors.

The accounting, auditing and tax consulting firms ranked No. 14 on the Business Journal's July list of largest accounting firms, based on OC employees.
